

**PREPARING FOR X-RAY EXAMINATIONS
IMPORTANT INSTRUCTIONS FOR OUR PATIENTS**

Child care is not available at Memorial's Valley Imaging. Please make prior arrangements for the care of your child(ren).

For female patients of childbearing age: If you are pregnant or could be pregnant, please tell the technologist before your x-ray.

These studies require an order from your health care provider.

You do not need a scheduled appointment for standard x-ray studies. Since these studies are performed on a "walk-in" basis, the wait will vary and can be up to 60 minutes.

There are no preparation instructions for standard x-rays.
